Date of In-Principle approval

- Use(s)
- Siting & Layout
- Site Coverage
- Building Height
- Density of Units
- Building Lines
- Design
- External Appearance
- Access
- Parking Provision
- Landscaping
- Others (specify below)

# Particulars of plans to be submitted with this application

**FIVE COPIES** of the necessary plans must accompany this application.

Applications for APPROVAL IN-PRINCIPLE need only plans (1) and (2) inclusive.

Applications for FINAL APPROVAL must be accompanied by plans giving all the information set out below.

## 1. Location Plan

Drawn to scale of 1:2500 and showing:–

- (a) the location of the site outlined in red;
- (b) any adjoining properties owned by the person who owns the land to be subdivided outlined in blue;
- (c) the location of all buildings on the adjoining properties; and
- (d) the location and means of access from the land to be subdivided to the public road coloured yellow.

## 2. Site Plan

Drawn to scale not less than 1:250 (1":20') for application sites not exceeding 0.20 hectares (0.50 acres or 1:500 (1":40') for all other sites and showing:–

- (a) the boundaries of the site outlined in red;
- (b) the location and use of all existing and proposed buildings, or structures within the site (including any proposed additions), and the location and use of all existing buildings or structures on adjacent land which lie within 4.5 metres (15 feet) of any part of the application site;
- (c) the area of the site;
- (d) the surveyed contours of the site at one metre or three feet intervals;
- (e) the existing and proposed lines and levels of the rain or storm water surface runoff and sewage system;
- (f) the location of all existing and proposed cess pits and water tanks;
- (g) the location and layout of existing and proposed parking areas;
- (h) proposed landscaping of the site, including all existing trees and shrubs to be removed or retained, and trees and shrubs to be planted;
- (i) the location, width and grade of vehicular access to the site and grade and radii of any bellmouth;
- (j) the location and dimensions of any rights or easements which exist over the application site;
- (k) if a proposed change of use is involved, the part of the land or building subject to the change of use, and the existing and proposed uses; and
- (l) if any regrading of the application site is involved, the extent of the area to be excavated or filled and the depth to which it will be excavated or filled.

## 3. Architectural Plans

Drawn to scale not less than 1:100 (1/8') except where, after consultation with the Director, a scale of not less than 1:200 (1/16') may be used and showing –

- (a) the roof, foundation and each floor of the building with extensions clearly marked;
- (b) elevations of all sides, in the case of a proposed new building and, in any other case, elevations of all sides of any buildings which will be affected by the proposed development;
- (c) two cross-sections of the building and its relationship to the site, taken at right angles, showing levels of all ground floors and of the existing and proposed finished grades of the site in relation to all adjoining public or private roads and lot lines; and
- (d) the materials proposed to be used in the development and, where appropriate, their colour.

## 4. Site Excavation Plan

Drawn to scale not less than 1:500 (1":40') and showing:–

- (a) the boundaries and area of the site, outlined in red;
- (b) the location of all existing and proposed buildings, plant and machinery;
- (c) the existing and proposed uses of any buildings;
- (d) the surveyed contours (at one meter or three feet intervals) both as at the date of application and as proposed upon completion of any site excavation work;
- (e) sufficient sections through the site to a scale not less than 1:250 (1 " :20') to show –
  - (i) the present grade line and elevation;
  - (ii) the maximum depth of any site excavation work, vertical rock faces and steps;
  - (iii) the proposed grade line and elevation; and
  - (iv) the location, width and grade of all existing and proposed means of vehicular access to the site.
